

Download File PDF Holt Mcdougal Larson Algebra 1 Illinois Lesson Plans Algebra 1

#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

Holt Mcdougal Larson Algebra 1 Illinois Lesson Plans Algebra 1

Lesson Plans	
Course	Algebra I
Date of Instruction	September 12 th - October 9 th - Unit 3 PLUS Stations 1 & 4.1.7
Florida Math Standards	
Standard	Description
MA.812.A.1.1	Know exponential forms of real numbers (including integer exponents and radicals, scientific notation, absolute value, rational numbers, irrational numbers)
MA.812.A.1.2	Solve linear equations in one variable that include simplifying algebraic expressions
MA.812.A.1.3	Identify and apply the distributive, associative, and commutative properties of real numbers and the properties of equality
MA.812.A.1.4	Solve linear equations for a specified variable
MA.812.A.1.5	Applying exponent and order of operations and real-world applications that involve linear equations and inequalities
MA.812.A.1.6	Recognize equivalent equations
MA.812.A.1.7	Simplify algebraic ratios
MA.812.A.1.8	Use a variety of problem-solving strategies, such as drawing a diagram, making a chart, guessing and checking, solving a simpler problem, writing an equation, working backwards, and creating a table
MA.812.A.1.9	Decide whether a solution is reasonable in the context of the original situation
Key Learning	
This is a real-world situation that is modeled by linear equations and a solution can be predicted.	
Unit Topics	Solving Linear Equations
Unit Objectives	Use the real-world situation using linear equations and provide a solution to the problem?
Questions	
Concept	Linear Equations
Activities	How do you solve one-step equations using addition, subtraction, multiplication, and division?
Manipulation of Linear Equations	How do you solve two-step equations?
	How do you solve multi-step equations?
	How do you solve equations with variables represented on both sides of the equal sign?
Algebraic Manipulation of Linear Equations	How do you find values and write and solve proportions?
	How do you solve equations using cross products?
	How do you solve percent proportion problems?
	How do you solve (word) equations in terms of other variables?
